Legislation Title:

AN ORDINANCE relating to the use of federal HOME Investment Partnerships Program funds, amending the 2010 and 2014 Consolidated Plan annual action plans to reallocate funds out of homebuyer activities into rental housing activities.

Summary of the Legislation:

This legislation amends the Consolidated Plan annual action plans for the years 2010 and 2014, moving a combined total of \$810,113 from homebuyer activities to rental housing preservation and development activities.

Background:

The use of HOME Investment Partnerships funds from the United States Department of Housing and Urban Development are governed by the Consolidated Plans and annual action plans submitted by the City. Any change in use of funds greater than \$50,000 is considered "substantial amendments" to the plans and must be formally approved by Council. Office of Housing originally budgeted HOME dollars for both homebuyer activities and rental housing preservation and development. The homebuyer activities provided qualifying low- and moderate-income families with down payment assistance to purchase their first homes. Due to recent changes in HOME program rules and the current housing market, these funds can no longer be used effectively for homebuyer activities. Office of Housing is therefore requesting the funds to be reprogrammed to affordable rental housing preservation and development activities, where they can be used quickly and effectively.

Honorable Tim Burgess
President
Seattle City Council
City Hall, 2nd Floor

Dear Council President Burgess:

I am transmitting the attached proposed Council Bill which amends the annual action plans guiding the use of HOME Investment Partnerships funds from the years 2010 and 2014. This amendment moves \$810,113 from activities that assist low- and moderate-income first-time homebuyers to activities that preserve and develop affordable rental housing. This move is necessary because a recent change in the federal rules governing the use of HOME funds, combined with the high cost of ownership housing in Seattle, has made it difficult to use HOME funds for homebuyer activities.

U.S. Department of Housing and Urban Development (HUD) rules limit the maximum eligible sales price for HOME-assisted ownership housing to \$288,000 for homes in Seattle. With our current median price topping \$500,000, there is extremely limited inventory available for income-eligible buyers. At the same time, HOME funds must be spent within five years. For these reasons, moving HOME funds out of homebuyer activities is a prudent move. The City of Seattle will continue to provide first-time homebuyers with financial assistance from the Housing Levy. It is anticipated that Levy funds will be sufficient to cover buyers otherwise served with HOME funds.

Transferring these funds allows the City to maximize the resources available to us. While we continue to advocate to HUD about the detrimental effect of their rule change, we will also move to ensure the effective and proper use of these federal funds. Thank you for your consideration of this legislation. Should you have questions, please contact Rebecca Guerra in the Office of Housing at 233-0066.

Sincerely,

Edward B. Murray
Mayor of Seattle
